## Testimonials

Since I was a young child I dreamed about walking in my parents footsteps in Poland, the homeland they spoke so adoringly about that existed before the war. ... As parents of YJ campers, and long-time staff with YJ, it was so meaningful to be with this group of YJ teens who behaved so respectfully. ... Memories such as proudly doing Havdalah at the banks of the river in Krakow, dancing a horah in Lodz where we celebrated a Survivor's grandson's Bar Mitzvah in the same synagogue where he had his, and hearing the Survivor's stories were just a few of the highlights. It was a well-organized trip with a most passionate and knowledgeable tour guide, ... thank you so much to Risa Epstein and her staff for putting this trip together. It was better than we could have ever imagined!!!!"

The fact that my teenage son was participating in the Biluim Poland-Israel program at the same time as this trip was an excellent opportunity to finally visit Poland and be able to share some of the experiences with him. The tour was very well run with comfortable accommodations and transportation everywhere. A major highlight was our Israeli tour guide for the adults, who was outstanding, incredibly knowledgeable and generated many thought provoking discussions. I do not think anything could have prepared me for what I saw and learned, it is one thing seeing movies and listening to lectures but being in the actual places where all these shocking atrocities happened is an experience which is very important to do. I did not have any family connections to Poland unlike many of the other adults on the tour but I still found the mission to be an incredible experience.
